October 19th, 2022

Dear Valued Customer:

Effective October 17th, 2022, Canadian Hospital Specialties Limited (CHS) is pleased to announce the acquisition of the following Nursery Essential product lines from Natus Medial Incorporated (Natus): Minimuffs®; Papoose Boards™; Olympic Circumstraint™; Save the Gonads™; Olympic Smart Scale®; Oraswab™; SurgiLance™; and Neatnick®. This is a portfolio of nursery supplies designed to provide comfort to newborns, while under supervision of clinical care.

Please continue to follow your current ordering and payment protocols with Natus, and you will be notified accordingly in the coming weeks regarding the timing of the transition over to CHS.

Natus was founded in 1989 to develop, manufacture, and market products used by clinicians for the detection, monitoring, treatment, and tracking of common medical disorders that may occur during the time from conception to a baby's first birthday. These high-quality products were designed to deliver accurate results in a rapid and reliable manner.

Canadian Hospital Specialties Limited (est. 1967) is a privately held medical device manufacturer and specialty distributor headquartered in Oakville, Ontario. The majority of customers served are in the acute hospital and non-acute healthcare space in Canada and internationally.

CHS aims to continue to develop innovative products and cost-effective patient care solutions for and with our customers and suppliers. We are committed to putting the required resources in place to deliver quality products and solutions to our healthcare customers and, most importantly, support them thereafter. Both Natus and CHS have a history of strong relationships with our customers who trust us to deliver the right solutions and superior products and services they value.

We look forward to continuing to serve you with high quality products and services, and we'll do everything we can to make this transition as easy as possible for you.

Sincerely,

A handwritten signature in blue ink that reads 'Mike Canzoneri'.
